had to live my life without you near me The days would all be empty
you I see forever, oh, so clearly I might have been in love before
If the road a-head, is not so easy Our love will lead in the way for us
I'll be there for you if you should need me You don't have to change a thing

dreams are young and we both know
come with me and share the view

They'll take us where we want to go
I'll help you see forever too

Hold me now, touch me now
Hold me now, touch me now

I don't want to livewith-out you
I don't want to livewith-out you
